

To the Executive, Committee and members of the Mordialloc cricket club,

Please let me on behalf of my cricket club express my sincerest condolences on the tragic passing of Ricky Hart.

No words can appropriately express at this time the loss that you all must be feeling, however whilst we don't know you personally , know that as a cricket family we stand with you in your time of grief.

We like you have fathers who play with their sons , brothers playing with brothers and families playing with families , so we share your sadness and send you all our strongest support at this time.

Please pass on my sincerest condolences also to the family of Ricky , especially his son. My father was taken from me in a similar manner in 1987 so I feel compelled to express my support to you.

From all reports, you have lost a great man, a great servant of both the cricket and footy clubs and a great father and husband.

kindest Regards at this difficult time,

Michael Finn

President - Bayswater Park Cricket Club.
